

## Targetmasters' Meeting Minutes January 15<sup>th</sup>, 2006

1. Financial Report: Full explanation of expenses was given and current balance was stated to be \$402.81.
2. Club officers were selected. President-Ron Sechler, Vice President-Dudley Owens, Treasurer-Dwight Hirsh, and Safety Officer-John Hartsock.
3. Ray Abernathy will be taking over the awards duties, purchasing and distributing primers at the match.
4. David Benzick will schedule match set up duties for the next year similar to last year.
5. Discussed match philosophies. Stages should be USPSA legal, challenging and above all, entertaining to all competitors. Punitive stage design should be discouraged.
6. Received support for continuing to spend club money on new and interesting props. Recognized that the club will probably not need to make a large dollar prop purchase this coming year since we already own most of the things we would want.
7. Match and year end awards were discussed and the year end shirts were solidly supported. Primers for match awards were also supported. An idea of having a raffle for a large prize (Glock certificate) at year end was discussed but not supported when it was brought up that the cost for such a prize would cut into the money available for the award system already in place.
8. Replacement scorekeeper position was taken by Bruce Keillor and Andy Rathbone. Sue will be training them to use EZ Win Score over the next few matches.
9. Dudley asked for a list to be compiled of email and phone numbers of all who participate in our matches in case an event gets rescheduled again. This information will be gathered at sign ups.
10. The club will be buying a video camera before June to continue filming stages for the web site.
11. The club will be buying a laptop computer to facilitate match scoring.
12. End of meeting.
